I. GENERAL INFORMATION

1. PURPOSE AND USE OF THE BUYERS GUIDE

The major purpose of the Alberta Learning Resources Distributing Centre (LRDC) Buyers Guide is to provide a product listing of all learning resources that the LRDC carries in active stock so that teachers, administrators, students, parents and other customers can easily purchase required educational materials through mail order, fax or telephone order. A secondary purpose is to provide additional relevant educational materials information.

2. AVAILABILITY OF BUYERS GUIDE TO CUSTOMERS

Ideally, every teacher, department head, supervisor and administrator should have access to a copy of the LRDC Buyers Guide. Since there are over 7,000 individual product listings with many repeated under numerous headings, the sheer volume of the Buyers Guide makes it impractical to provide a copy to each teacher.

The Buyers Guide and Supplements should be placed in a location where it is easily accessible to teachers. Some preferable locations are: Staff Room, School Library, Principal's Office and Department Head Offices.

The LRDC requests that the school administration notify each teacher that the Buyers Guide is available, where copies are placed for their use, and how to place orders. Teachers may want to refer parents and students to the Buyers Guide in the event the parent may want to purchase additional resources for their child.

3. DISTRIBUTION OF THE BUYERS GUIDE AND SUPPLEMENTS

a. Distribution Basis

In late March or early April of each year, a complete Buyers Guide, i.e. set of new inserts, will be distributed to each school jurisdiction Central Office for further redistribution to their individual schools. The distribution ratio from the LRDC is an average of 1 to 3 inserts per school and the same for Central Office usage. Central Office will redistribute the Buyers Guide inserts to their own schools using their own criteria, but no less than 1 set per school. Schools that have no formal Central Office such as Private Schools, Indian Schools, ECS operators, Northwest Territories Schools, etc., receive one copy directly from the LRDC. Additional 1990-91 Buyers Guide binders and inserts are listed for sale on page 416.

b. Timing

The LRDC has been trying to prepare and distribute the annual Buyers Guide earlier so that it could help teachers engage in program planning for the next school year. While the 1990-91 Buyers Guide will be available by mid April, 1990 the 1991-92 Buyers Guide should be distributed to the schools by mid March, 1991.

c. Replacement of Buyers Guide Inserts

Remove and discard the entire 1989-90 Buyers Guide and Supplements including the introductory material (except the "tab" dividers) and replace them with the 1990-91 LRDC Buyers Guide inserts.

d. Supplements

The LRDC distributes Buyers Guide Supplements in mid May, September/October and late fall, providing there are a sufficient number of new authorizations. Each Supplement is color coded for ease of customer use.

e. Customer Comments on Distribution Basis of Buyers Guide

The LRDC is interested in providing the Buyers Guide to customers in a way that meets specific customer needs. Please phone or forward a copy of the LRDC Customer Feedback/Communication Form on page 28 to the LRDC Customer Services and Sales Department if you have suggestions as to the distribution.

4. IMPROVING CUSTOMER SERVICES THROUGH STRATEGIC BUSINESS PLANNING

In order to better position the LRDC to provide schools and other customers the appropriate type of educational products and customer services for the 1990's, as well as to find ways to improve the present level of customer services, the LRDC undertook a strategic planning study in the fall of 1989. Representatives from 25 Alberta school authorities, as well as other educational groups through participation in five zone focus groups, assessed the present level of service and identified areas for improvement. The study was conducted by The Arlington Group.

The LRDC thanks all the Teachers, Secretaries, Principals, Secretary Treasurers, Superintendents and others who participated in this important study.

A summary of some of your suggestions and how the LRDC is responding in 1990-91 follows:

a. Timeliness and accuracy of orders

You stated that while the timing and accuracy of orders improved to a high level over the last few years, a number of participating jurisdictions observed there was a deterioration in the fall of 1989.

LRDC Response: We agree. Dollar Sales volume has increased over 90% the last three years while the number of orders and volume of products carried has increased over 60% the last few years and hence we did not have the physical capacity nor staffing to fill your orders quickly or accurately in 1989. We are taking the following five strategies to reduce/eliminate those problems in 1990-91:

- (i) **Buyers Guide:** We are preparing the Buyers Guide earlier so school personnel can order earlier. The target for 1990 is before the middle of April while the 1991-92 target is by mid March 1991.
- (ii) **Capacity:** We are improving our capacity to fill orders within a 3-5 day turnaround time and increased accuracy through more staff and expanded warehouse order filling capacity.
- (iii) **Early School Ordering and Receiving Strategy:** We are entering into arrangements with some school jurisdictions (up to 19) to encourage them to order early (prior to end of May) and for the LRDC to ship the orders so the schools receive the ordered materials before the end of June.
- (iv) **Schools Receiving Ordered Resources During July and August:** We are requesting four jurisdictions to enter into an arrangement with the LRDC to receive their ordered materials in July and early August. The four jurisdictions are the Edmonton and Calgary Separate and Public School Districts.

The major advantage to school districts in participating in strategies (iii) and (iv) is that most, if not all, of the ordered instructional materials would be available to students and teachers prior to the commencement of the school year. This should improve the quality of student learning as well as decrease costs due to back-order receiving and concomitant tasks.

- (v) **Computer System:** The present LRDC computer system cannot handle the business volume nor regular business requirements. Consequently, we will be acquiring and developing new generation business software and hardware designed to meet our new business requirements. Since implementation target date is February 1992, the new computer system will not help deal with business volume until 1992.

b. Availability Of Resources

You said that many learning resources, including Distance Education materials, for new programs are not available until after the school year starts.

LRDC fully agrees - To solve this problem Alberta Education now has a policy that "Basic" learning resources for a new or revised program must be available for sale from the LRDC by June 1 if the program is to be implemented in September. See Section 6 for more information.

c. Returns

You identified "returns" as a customer service area that requires improvement especially in terms of time to complete the cycle.

LRDC fully agrees. While the LRDC wants to have an easy and "hassle free" returns policy, the application of 25% Basic Learning Resources Acquisition Subsidy and Secondary Education Implementation Credit Allocation Grant (SEICAG) makes this difficult. We are having our Auditors review the present process with the view of making recommendations to simplify and improve returns. Therefore, it is our objective to have an improved Returns Policy for 1991-92.

d. Special Orders

You said the LRDC could eliminate the Special Order Service if it helped fill regular orders more quickly.

The LRDC is eliminating the Special Order Service on June 30, 1990. Superintendents and Principals are encouraged to inform all staff of this change (see page 11 for more details).

e. Buyers Guide Medium

You asked if some schools could receive the Buyers Guide on tape or disc format and if we expect to have an on-line interactive Buyers Guide system in the future.

We are planning to have a new EDP system in place by March 1, 1992 at which time we may have an electronic Buyers Guide with on-line interactive facility. For 1990-91, the Edmonton Public School District and LRDC are conducting a pilot project to experiment with an in-school computerized Buyers Guide. We are also examining a bar coding ordering system.

f. Price Changes During LRDC Fiscal Year

You asked if the LRDC policy of "prices being subject to change without notice" could be reviewed and modified.

We have reviewed this request and have changed our policy to state prices will be held until March 31, 1991, unless exceptional circumstances warrant otherwise (see Section 7.d. for more detail).

g. Customer Service: General

You said the LRDC is an excellent organization that is responsive to customer needs and changing times.

You also said the LRDC is effective and efficient and that you have high faith in LRDC business practices, pricing, etc.

We thank you, our customers, for these comments. We do have a total commitment to serving our customers. We also pledge ourselves to improving our services to you in 1990-91.

5. LRDC MISSION AND CUSTOMER SERVICE

a. Learning Resource Availability and Quality of Education

Educational research has unequivocally shown that the quality of education, in part, is the direct result of the appropriate type and adequate number of learning resources being available to teachers and students. Textbooks and other learning resources are primary determinants of what is taught in classrooms, and since learning resources are the focus of up to 75% of a student's classroom time, the **availability of learning resources is a significant factor in the quality of education of a student.**

b. LRDC Mission/Statement

The mission of the Learning Resources Distributing Centre is: **to contribute towards the quality of education for Alberta Students through delivery of a range of cost recoverable services that include:**

- acquisition of learning resources that respond to authorized curriculum
- production, assembly, sale and distribution of learning resources and related materials for the benefit of instructors and students; and
- provision of learning resource information and advisory services

c. LRDC Commitment to Quality Customer Service

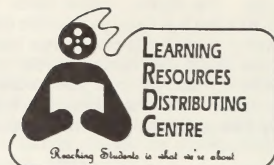

Underlying the LRDC mission is a **strong commitment by the LRDC management and staff to a high quality of customer and client service and relations.** We care, very much about ensuring that students have ordered learning resources which are required in student studies.

If you have any difficulties or problems in your business dealings with us, or have commendations or suggestions, please contact the LRDC Customer Service and Sales Section or the Director at (403) 427-2767 or Fax (403) 422-9750.

d. LRDC Corporate Logo and Motto

The Learning Resources Distributing Centre logo and motto are **symbols of our commitment of caring and of providing you, our customer, a high quality of customer service.**

The primary purpose of the LRDC corporate logo is to allow LRDC customers to quickly and easily associate the LRDC and its products with the multi-media symbol shown below. Our motto "REACHING STUDENTS IS WHAT WE'RE ABOUT," reinforces our commitment to our mission and providing you quality service in a caring way. You will see the LRDC corporate logo and motto on most of our business documents.

e. LRDC Customer Feedback/Communication Form

As part of the LRDC commitment to high quality customer caring and service, we request and encourage your feedback with respect to format, content and usefulness of the Buyers Guide, our actual quality of customer service, how LRDC staff treat you and all other aspects of the LRDC. To facilitate quick and easy feedback, the LRDC has provided a Customer Feedback Form on page 28.

6. JUNE 1st AVAILABILITY OF LEARNING RESOURCES

Effective immediately for any new or revised program or course to have mandatory implementation in September, the (a) "basic" student resources, (b) publisher's teachers' guide where appropriate, and (c) teacher resource manual prepared by Alberta Education that were deemed essential at the outset of development, will be available at the LRDC for sale by June 1.

The purpose of this policy is to provide schools the opportunity to order and receive essential student and teacher resources from the LRDC prior to school closing in June for courses or programs scheduled for provincial implementation the following September. This will assist schools in having adequate time for yearly and unit planning and some planning of lessons prior to the start up of a new program in September.

Because this is a new policy, some new programs scheduled for September, 1990 implementation may have only photo-reproduced copies available for June 1. However, a final bound copy would be provided as a replacement once it is received by the LRDC. Alberta Education starting in 1991, will communicate one year in advance, the programs and types of resources that are anticipated to be available by June 1.

The LRDC 1990-91 Buyers Guide first Supplement is being provided in mid-April, 1990 so that schools will be able to order some copies of the new materials by the end of May, 1990.

School jurisdictions that require school Requisition/Purchase Orders to be authorized and/or initiated by Central Office will need to ensure that the **Purchase Orders are received by the LRDC no later than the first week of June if the orders are to get to the school prior to the end June.**

Call LRDC Customer Service and Sales (427-2767) if you have any questions.

7. PRICING

a. Pricing of Basic and Other Learning Resources

The LRDC has selling prices listed for all learning resources in the Buyers Guide. A 25% basic learning resource acquisition subsidy is applied to the selling price for eligible school authorities when purchasing "Basic" learning resources as identified in red and with the "#" symbol in the Buyers Guide.

b. Selling Price Determination

One of the major objectives of the LRDC is to ensure that learning resources are economical. The LRDC operates on a **break-even** financial objective, and to that end, has a cost recovery mark-up on all products sold. There are two primary determinants of the LRDC Selling Price: (1) Cost of goods to the LRDC, ie: unit Cost of products to the LRDC from publishers/vendors/suppliers, and (2) LRDC mark-up to cover operating costs.

LRDC production and distribution costs are included in the Distance Education materials "cost of goods" and hence, the LRDC cost recovery selling price is effective April 1, 1990 for schools and all non-ACS registered students and June 1, 1990 for ACS-registered students. This is a result of the LRDC being responsible for Distance Education materials production and distribution as of April 1, 1990.

c. LRDC 1990-91 Selling Price Mark-up

The general net 1990-91 impact on prices to LRDC customers is an **average increase of about 6.9% to 8.1%** in the cost of learning resources. LRDC suppliers increased their products an average of 6.4%; weighted quote average is around 7.6%. The weighted quote average range for vendors who supply ten or more products was from a decrease of 12.0% by one vendor to an increase of 32.4% by another. The LRDC 1990-91 price mark-up increased by a 0.5 percentage point to a basic mark-up of 13.5%.

Distance and Correspondence Education materials are priced differently. Rather than cost recovering the LRDC production and distribution costs by each individual product, LRDC prices are targeted to recover production and distribution costs by product line. Therefore, Distance Education student print materials prices are \$13.35 per credit or \$10.00 net after application of the 25% subsidy while Correspondence Education material (ie. old) prices are \$6.65 per credit or \$5.00 net after application of the 25% subsidy.

d. Price Changes

The LRDC has changed its price change policy effective April 1, 1990. The LRDC will hold prices until March 31, 1991, unless unusual or exceptional circumstances warrant otherwise. Therefore, although subject to change without notice, prices will be maintained, so far as possible, until March 31, 1991. Other than some vendor major or unusual price increases during the year due to reprint requirements, importation duty, etc., major price changes take place April 1 of each year.

8. 25% "BASIC" LEARNING RESOURCE ACQUISITION SUBSIDY GRANT

To assist eligible school authorities in providing educational programming to Alberta ECS to Grade 12 students, ACS-registered students and University faculties, "Basic" learning resources are available at subsidized prices when purchased from the LRDC. Details for the subsidy program are as follows:

- a. A 25% subsidy is made available to eligible school authorities and is applied to the selling price of any "Basic" learning resources that have been authorized by Alberta Education.
- b. The 25% subsidy is a "pass through" grant provided by the Alberta Government through the Alberta Department of Education School Grants budget. The eligible customer is billed direct for 75% of the selling price while Alberta Education is billed direct for the remaining 25%.
- c. Eligible school authorities are:
 - i. All school authorities receiving the School Foundation Program Fund Per Pupil Instructional Grant, namely, Divisions, Counties, Districts and DND Schools.
 - ii. ECS Operators approved under Section 24 of the 1988 School Act.
 - iii. Accredited and funded Private Schools as per Section 22(2) of the 1988 School Act.
 - iv. Band Operated and Federal Government Administered Indian Schools.
 - v. The Faculties of Education at the University of Alberta, Edmonton, University of Calgary and University of Lethbridge.
 - vi. Alberta Correspondence School.

- d. Eligible school authorities must complete a one-time grant application form (refer to the "Basic" Learning Resources Acquisition Subsidy Grant instructions in the Alberta Education School Grants Manual for more information) in order to qualify for the 25% subsidy. If an "eligible" school authority, as described in 8(c) above is presently not receiving the subsidy, then the application form must be submitted to the Director of the LRDC for review and approval. ECS Operators approved under Section 24 of the 1988 School Act became eligible in 1989; the LRDC forwarded applications to all ECS Operators in 1989.
 - e. To qualify for the 25% subsidy, **the eligible school authority must provide the authorized "Basic" learning resources to all ECS-XII students under their jurisdiction as free loans, or rent them at no more than one-third of the current "selling price" of the resources purchased from the Learning Resources Distributing Centre.**
 - f. Each school authority should have an official motion by the governing board regarding the annual rental fee (even if the resources are provided to students free of charge); as well, an operating policy and procedure statement should be in place. The 25% subsidy does not apply to "Basic" learning resources purchased for resale.
 - g. The Alberta Education School Grants and Program Policy Manuals provide further information with respect to Alberta Education policies and procedures associated with the "Basic" Learning Resource Acquisition Subsidy Grant Program and the post-audit monitoring conducted by Alberta Education (School Business Administration Services Branch).
- 9. SECONDARY EDUCATION IMPLEMENTATION CREDIT ALLOCATION GRANT (SEICAG)**
-
- c. The specific learning resources that qualify for the credit grant are identified in the 1990-91 LRDC Buyers Guide and will be updated in subsequent Supplements or information received from Alberta Education.
 - d. Purchase orders containing SEICAG qualifying learning resources will be automatically applied against the credit unless specifically and clearly requested otherwise by the ordering school or school authority. Therefore, if a school does not want a particular purchase order charged against the credit, the purchase order should clearly show "DO NOT CHARGE AGAINST SEICAG."
 - e. Purchases can be made against the 1990-91 credit from April 1, 1990, to March 31, 1991. **Any unutilized credit will terminate on March 31, 1991.** To ensure that your school authority receives full benefit of the SEICAG program, you should order SEICAG eligible learning resources in June or no later than September to December, 1990.
 - f. To assist school authorities in managing purchases charged (expended) against this credit grant, LRDC monthly statements will provide:
 - i. Comparison of credit allocation cumulative total with the actual school authority ceiling.
 - ii. Cumulative totals expended or charges against the credit by individual schools; controlled only if this option is chosen.
 - g. **The LRDC assists school authorities in managing locally determined credit sub-allocation ceilings** on an individual school basis if requested by the Superintendent or Secretary Treasurer. It must be noted that the LRDC can record and report credit charges to a school only if the purchase order identifies the school (usually in the form of a "ship to" customer).
 - h. Refer to the Alberta Education School Grants Manual, Program Policy Manual, LRDC February 27, 1990, SEICAG Information Package sent to Superintendents and Secretary Treasurers or the SEICAG Section of the 1990-91 Buyers Guide for more detailed information.
 - i. The 1989-90 SEICAG terminates on March 31, 1990.

To assist school authorities in implementing Secondary Education programs for Alberta grades 7 to 12 students, Alberta Education will again, in 1990-91, provide additional funding (approximately \$4 million) through the Secondary Education Implementation Credit Allocation Grant (SEICAG) to school boards and funded accredited private schools who may utilize this grant to purchase specific eligible learning resources from the Alberta Learning Resources Distributing Centre. The 1990-91 information package was sent to each school authority from the LRDC on February 27, 1990.

- a. Schools should contact their Central Office to receive specific instructions on how your school authority wants you to order SEICAG eligible learning resources.
- b. All school authorities receiving the School Foundation Program Fund (SFPF) per pupil instructional grant; namely, Divisions, Counties, Districts, DND Schools, and funded accredited Private Schools are eligible to receive the **\$14.50 per pupil credit for each eligible SFPF grades 7-12 student.**

10. LINKAGE OF LRDC BUYERS GUIDE TO ALBERTA EDUCATION PROGRAM OF STUDIES AND COURSE OF STUDIES

Instructional materials are those print, non-print and physical resources used to facilitate teaching and learning (e.g., audiovisual equipment, physical education equipment, print and non-print learning resources, computer equipment, science laboratories, test materials, teacher resources).

Student learning resources are a subset of instructional materials. They are print or non-print instructional materials used by students in the implementation of provincial Programs of Study (e.g., books, films, videotapes, slides, computer programs, videodiscs or manipulatives).

Alberta Education groups student learning resources for use in Alberta schools into two categories - **Basic and Support** (It should be noted that previous categorization was basic, recommended and supplementary). This new classification is intended to communicate the relative importance and role of student learning resources. Authorization means Alberta Education has judged these student resources as the most appropriate for a course or Program of Studies and that they have met Alberta Education criteria for acceptability.

a. Basic learning resources are those student learning resources authorized by Alberta Education as the most appropriate for addressing the majority of learner expectations of course(s), substantial components of course(s), or the most appropriate for meeting general learner expectations across two or more grade levels, subject areas, or programs as outlined in provincial Programs of Study. These may include any resource format; e.g., print, computer software, manipulatives or video.

b. Support learning resources are those student learning resources authorized by Alberta Education to assist in addressing some of the learner expectations of course(s) or components of course(s); or assist in meeting the learner expectations across two or more grade levels, subject areas, or programs as outlined in the provincial Programs of Study.

Teachers and administrators are encouraged to consult the applicable Alberta Education "Program of Studies" and "Course of Studies" to identify appropriate learning resources for use in the classroom.

A **Course of Studies** is a legal document prepared for each course in each subject area at each level of learning. A Course of Studies may be a sub-unit of a Program of Studies. The major components of a course of studies are the philosophy, rationale, learner expectations and basic learning resources. A **Program of Studies** is a sequence of courses of study. Teachers may also want to consult Curriculum Guides for suggestions on learning resource usage in the classroom, where one exists.

11. KEY FEATURES OF THE BUYERS GUIDE

- a. "Basic" learning resources are denoted by the color red in the Buyers Guide. In addition, the number symbol "#" is also used to denote a "Basic" learning resource. Please note you will lose the benefit of color when you reproduce pages for ordering purposes.**
- b. Authorized "Basic" and "Support" learning resources that may be withdrawn or changed within three years are identified by an asterisk "*".**

- c. "Basic" and "Support" learning resources that are still authorized, but no longer available, are "blocked-in" at the beginning of each subject listing.**
- d. Authorized "Basic" and "Support" learning resources which will be "withdrawn" from the Alberta curriculum in June 1991, or later are identified.**
- e. Atlases, globes and maps are listed under "Social Studies" in the Elementary, Junior and Senior High Sections. To assist customers in ordering, they are relisted under the "General Learning Resources" category for each grade level.**
- f. For customer convenience, appropriate dictionaries are listed under the "General Learning Resources" category for each grade level.**
- g. Software that has been authorized for a given subject will be listed under the subject and grade. However, since productivity software is "not subject and grade specific," it is also relisted under a new "Software Section."**
- h. Publisher, author, year of publication/copyright and edition of each product, where appropriate, are provided.**
- i. Highly useful and customer "friendly" LRDC unique product code for each product (see pages 14 to 19) is used.**
- j. ISBN number for each product, where an ISBN has been assigned, is provided.**
- k. Products which are limited in quantity because the product is out of print and no longer available from the publisher/vendor are identified in the following way: "limited quantity - out of print".**
- l. There are a few products which the Buyers Guide lists but LRDC does not stock because of high cost and very low sales. This information is provided in the Buyers Guide in the following way: "Special Order Only."**
- m. New learning resources authorized since the issue of the 1990-91 LRDC Buyers Guide are denoted by the symbol "New" before the title.**
- n. Supplements are provided in May, September/October and/or late fall if a sufficient number of learning resources have been authorized since the last issue of the Buyers Guide or Supplement.**

12. TYPES OF MATERIALS LISTED IN THE BUYERS GUIDE

- a. **"Basic" and "Support" Learning Resources** (print, non-print and electronic) authorized by Alberta Education.
- b. **Distance Education and Correspondence Education Course Materials.** The Alberta Correspondence School (ACS) develops two types of course materials:

i. **Correspondence Education Course Materials**

These are the course materials that the ACS has traditionally developed and made available. They are identified as "old" ACS courses or Correspondence Education courses.

ii. **Distance Education Course Materials**

The ACS is developing newly designed "Distance Education" course material that incorporates modified learning strategies and the use of technology. These are identified as "new" ACS course materials or "Distance Education" materials.

- c. **Standardized Tests** provide a test instrument for measuring student achievement, occupational preference, aptitude, interest inventory, cognitive abilities and school aptitudes.
- d. **French Language Instruction Learning Resources** for schools who offer instruction in French pursuant to Sections 5 and 6 of the 1988 Alberta School Act.
- e. **Pre-administered Diploma Examinations (Grade XII)** and **Achievement Tests (Grades 3, 6 and 9)** used as study copies by teachers and students.
- f. **"Support Documents"** designed primarily to communicate suggestions and offer alternatives as to how provincial policies or programs could be implemented, e.g. monographs, manuals, teaching units, etc., as well as miscellaneous materials such as "Behavior Disorders Manual," flags and "Classroom Organizer."
- g. **Software.** The LRDC stocks educational courseware (software that is subject and grade specific) and productivity software (software that is not grade or subject specific). There are many facets in dealing with software such as warranty, custom templates, upgrades, new versions, licensing, single copy users, network versions, class packs, etc. When placing an order for software please analyze your needs carefully. **SOFTWARE RECEIVED AND OPENED BY A CUSTOMER IS NOT RETURNABLE.**

Software not listed in the LRDC Buyers Guide should be ordered directly from the supplier (please see Special Order Service on page 11).

h. Software User Support

- i. Please consult the Alberta Education "Computer Courseware Evaluations" reports for detailed information on software stocked by the LRDC. These reports are available for purchase from the LRDC and are listed in the "Support Documents" Section of the Buyers Guide.
- ii. You may contact the appropriate staff in the Alberta Education Curriculum Design, Curriculum Support, and/or Language Services Branches, to obtain additional information about software.
- iii. Most software vendors have "User Support" telephone numbers listed on their material to enable customers to contact vendor software specialists for detailed information.

13. COPYRIGHT

The new Canadian Copyright Law (Bill C60) was proclaimed in February 1989. This law establishes the new provisions for protecting the intellectual property of creators/authors of textbooks, software, videos, audiocassettes and other print and non-print materials and imposes severe penalties for copyright violation.

The new law also established the Canadian Reprography Collective (Cancopy) to negotiate licenses and collect fees on behalf of creators. Each province is working on a provincial per pupil license for elementary and secondary schools, such as is presently the case in many countries as well as in Quebec.

Most LRDC products have "rights reserved" while some resources, such as certain Alberta Education documents, provide the right to reproduce for educational purposes and on a non-profit basis only.

Generally speaking, the end-user or final purchaser of a product from the LRDC is responsible to ensure copyright is not violated. Therefore, some of the copyright-related actions school authorities should take until the final results of the Cancopy negotiations are provided are:

- a. All staff should be cautioned about copyright infringement.
- b. Each school authority should have a copyright policy.
- c. Notices should be posted over copy machines indicating that copyrighted material should not be reproduced except only in relation to the fair dealing section of the legislation: single copies can be made only for private study, research, criticism, reviews, or newspaper study.

If there is a need to copy materials from any copyrighted document, then the school is able to negotiate a copyright release with Cancopy.

The LRDC Copyright Restriction Use Certificate for Software that each school authority has with the LRDC is to ensure that copyright is not violated for software purchased from the LRDC.

You should reference previous Alberta Education Focus magazines for more detail or contact D. Gagnon of the Alberta Education Legislative Services Branch.

14. CUSTOMER AND BUSINESS SERVICES

a. Hours of Service

Learning Resources Distributing Centre (12360 - 142 Street, Edmonton, Alberta T5L 4X9) is open from 8:15 to 4:30 Monday through Friday. To improve customer service a telephone answering system is now available for customers to leave messages after 4:30 p.m. A member of the sales staff will return your call the following day to take your order or handle your inquiry.

b. Ordering

Customers may order by mail, FAX or telephone. FAX orders are not handled on a priority basis. The LRDC encourages one school order per telephone call since lengthy calls engage the Customer Service Staff Representative with one customer thereby creating enormously long waiting periods for other customers. For ease of ordering, customers are encouraged to use photocopied pages of the Buyers Guide.

The LRDC has undertaken a commitment to core values of caring, openness, honesty, fairness, sensitivity and trust in our business dealings with customers, suppliers and clients. To that end, our Customer Service and Sales Staff Representatives have been asked to always identify themselves by name when a customer calls.

c. Customer Order Inquiry

The LRDC attempts to fill customer orders within a 3 - 5 day turn-around time. However, during peak customer ordering periods, order filling time may be 5 - 10 days, depending upon the volume of customer orders and current availability of stock. To improve customer services, the LRDC has developed a Customer Order Inquiry System whereby the LRDC Customer Services and Sales staff can tell you the status of your order quickly and easily. The information our Customer Service and Sales staff can provide you is:

- i. Date the LRDC entered your order into the computer
- ii. At what stage your order is in the LRDC assembly/shipment process
- iii. Date of shipment of your order
- iv. Status of back-ordered items

d. Credit Terms

Thirty-day credit terms are available to Alberta school authorities who are recipients of the "Basic" Learning Resources Acquisition Subsidy. As well, these terms apply to approved schools in the Northwest Territories, Band Operated and Federal Government Administered Indian Schools, Universities and Colleges and other approved credit customers. Credit terms and charge accounts may be made available to other customers upon application.

e. Prepaid Shipping

LRDC prepays all outbound shipping charges only to customers in Alberta.

f. Special Order Service

i. Discontinuance on June 30, 1990

School authorities, during meetings with LRDC Strategic Planning consultants, suggested that Special Orders could be eliminated if it would assist the LRDC to fill regular stock orders more quickly.

As well, the discontinuance was also acceptable to the School Business Officials who attended the Association of School Business Officials of Alberta Annual Conference in Red Deer on March 12, 1990.

The LRDC was planning to eliminate Special Orders on June 30, 1991 so that we could fill your regular orders more quickly and accurately. However, because of the above feedback, the LRDC is eliminating the Special Order Service effective June 30, 1990. It would be appreciated, therefore, if all teachers are informed of this change.

Special Orders after June 30, 1990 should be placed directly with the Supplier or a bookstore. The best reference sources are (a) Books in Print (published by R.R. Bowker) which is available by author, title and publisher and (b) Canadian Books in Print (published by University of Toronto Press) which is available by author and title.

ii. Print Materials (to June 30, 1990 only)

The LRDC presently Special Orders non-stock titles listed in the Curriculum Guides, Resource Manuals, etc., as well as other educational materials which a teacher may need. Delivery of Special Order products normally requires 4 to 6 weeks.

To process your Special Order requirements with a minimum time delay prior to June 30, 1990, ensure that all pertinent order information is given: full title, series, author(s), edition, year of publication, publisher address, ISBN code, etc. Products purchased on a Special-Order basis are not returnable.

We are prepared to "confirm" that a Special Order has been placed for you, but you must first request the "confirmation." Special orders accompanying a regular stock order will be confirmed on the invoice and packing slip sent to you.

NOTE: Special Order Service Discontinued June 30, 1990

iii Software

Due to problems with warranties, new versions and updates on programs and brokerage fees and exchange rates on imported programs, the LRDC does not Special Order software.

You should order direct from either the software developer or distributor.

Software print publications (ie. manuals, texts) can still be Special Ordered if complete order information is given (full titles, author, publisher, etc.).

g. Back Orders

The number of orders from schools during the last few years has increased immensely during July to October and in January. To avoid back order problems you are encouraged to order well in advance of the time you require the resources.

LRDC Product Planning involves the procurement and maintenance of adequate inventory levels during the school year while attempting to minimize inventory levels at year end. Occasionally a product ordered by a customer is out of stock. In such instances, we immediately initiate an order with the appropriate vendor/supplier and place the customer's outstanding order on a back order. A shipment from the publisher/supplier can take 2 to 4 weeks (longer if the supplier is also out of stock) and hence customers are encouraged to order products well in advance of the date they are required.

Let us know if one of your back-ordered products is a very high priority. During August to October, the LRDC uses an expediting back order process in order to obtain the products from our vendors more quickly, but at an increased expense.

Please contact Customer Services and Sales Section if you experience many back orders and/or extended back-order delivery delays.

h. Previewing

A 10% handling charge on the "selling" price will be charged for any learning resources ordered for "preview" purposes and returned. All returns must be in new resaleable condition.

i. Supplements

New product Supplements are scheduled for distribution to Buyers Guide holders in mid May, September/October and late fall of each year to provide customers with the most up to date lists and prices of learning resources that have been authorized since the last annual distribution of the Buyers Guide or Supplement. The Supplements are located in the separate "Supplements" section of the Buyers Guide. However, Supplements are only provided if a sufficient number of new learning resources have been authorized since the last issue. **Please refer to these lists prior to ordering.**

j. Distribution Services

The LRDC carries out many distributions to Alberta schools for Alberta Education and other government departments; includes products such as diploma exams, post secondary student finance applications, etc.

k. Post-Secondary Education Campus Retail Bookstores

The LRDC operates satellite retail bookstore outlets at the Northern Alberta Institute of Technology (Edmonton), Southern Alberta Institute of Technology (Calgary), Alberta College of Arts (Calgary) and Lakeland College (Vermilion and Lloydminster). These bookstores stock learning resources and supplies for the college/institute students and instructors they serve.

i. Returns

i. Policy

The LRDC wants customers to have an easy and hassle-free method of returning products. To ensure the LRDC knows the reason for your return and the appropriate resolution (credit account, refund or replacement), please complete the "Returns Form" on page 27 in the "Header" section and forward it to the LRDC by mail or fax No. 422-9750; page 24 provides returns instructions.

- A 10% handling charge is levied on "surplus" or incorrectly ordered learning resources if the customer provides the correct original purchase order number or LRDC invoice number; prior written authorization must be obtained for such returns.

- A 15% handling charge is applied if the purchase order and LRDC invoice number are not provided by the customer.

The LRDC intends to improve and simplify returns policies and processing in 1991. LRDC internal auditors have been asked to review the process with the view of recommending improvements.

ii. Receiving LRDC Shipments

The LRDC makes every effort to send you the correct products ordered. Occasionally you may receive an incorrect shipment, a defective item or a product that was damaged in transit. **Please check all shipments carefully** as soon as they are received. **DO NOT STAMP OR MARK ANY RECEIVED LEARNING RESOURCES UNTIL YOU ARE SATISFIED THAT THE CORRECT TITLE, EDITION, ETC. HAS BEEN RECEIVED.** No learning resources will be accepted for adjustment or credit if they have been stamped or otherwise made unsaleable. **Report any discrepancies to Customer Service and Sales (403) 427-2767 immediately or no later than within 30 days of the date given on the LRDC Packing Slip which is enclosed with the order.**

iii. General Returns Information

- Short shipments must be reported to the LRDC **within 30 days of date of packing slip.**
- It is the business policy of the LRDC to accept "surplus" or "incorrectly ordered" stock, only if the given product is in new resaleable condition, still in our active inventory and we are not over-stocked.

iv. Actioning of Returns

The chart below should help you action any returns. Call LRDC Customer Service and Sales at 427-2767 if you require assistance or further information.

See chart below

14. LRDC UNIQUE PRODUCT CODE (UPC) FOR ORDERING AND INFORMATION PURPOSES

a. Code Structure

In order to make customer ordering easier and more accurate, as well as to provide customers some "instant" information about an LRDC product the LRDC developed what is called the "LRDC Unique Product Code." **THE LRDC UNIQUE PRODUCT CODE SHOULD ALWAYS BE USED BY CUSTOMERS WHEN ORDERING LEARNING RESOURCE PRODUCTS FROM THE LRDC.** This code uses Alberta subjects and grades as the basic building blocks of the primary information fields, and is made up of eight numbers as illustrated below:

Field #:	1	2	3	4
	x	xx	xx	xxx
Field 1: <u>Language of Instruction (0 or 1)</u>				
This <u>1 DIGIT NUMERIC CODE</u> indicates whether the specific learning resource is used in (a) English as a Language of Instruction including non-English subjects and denoted by the <u>number 0</u> or (b) French as a Language of Instruction pursuant to Sections 5 & 6 of the 1988 Alberta School Act and denoted by the <u>number 1</u> . The code is either 0 or 1.				
Field 2: <u>Subject (or product type)</u>				
This <u>2 DIGIT ALPHA CODE</u> identifies the <u>subject</u> the learning resource is authorized or suggested for use in (for example CH is Chemistry, LA is Language Arts, FR is French, etc.) or type of product such as XG for Maps/Globes/Atlases/ Dictionaries.				
Field 3: <u>Grade (range is 01 to 12)</u>				
This <u>2 DIGIT NUMERIC CODE</u> identifies the <u>lowest grade</u> the learning resource is targeted to be used in (for example, 00 is ECS, 03 is Grade 3, 11 is Grade 11, etc.)				
Field 4: <u>Accession Number (range is 001 to 999)</u>				
This <u>3 DIGIT NUMERIC CODE</u> is simply an accession number which is applied chronologically, starting at 001, to new products added for each grade/subject specific area.				

The LRDC Unique Product Code is customer "friendly" simple and easy to use and provides the customer some instant information about an LRDC product by referring to the code numbers. **The examples on the following pages illustrate (a) the simplicity of the code, (b) how it will help improve accuracy when customers order products from the LRDC, and (c) how to easily identify the subject, lowest grade and language of instruction that any LRDC learning resource is targeted for use in.**

LRDC/ISBN UNIQUE NUMBERING FOR DISTANCE LEARNING MATERIALS

	Field 1 (8)	Field 2 (MA)	Field 3 (09)	Field 4 (T)	Field 5 (01)	Field 6 (A)	Field 7 (N)	Field 8 (3)
Field 1 — 1 digit number code indicates old Correspondence or new Distance Education Materials e.g. (8 - old) (9 - new)								
Field 2 — 2 character alpha code indicates the subject the materials are used with (complete list in Buyers Guide) e.g. (MA - Mathematics) (SS - Social Studies)								
Field 3 — 2 digit numeric code indicates grade and/or course level e.g. (09 - Grade 9) (31 - Grade 12 Math 31) (99 - Adult upgrading)								
Field 4 — 1 character alpha code indicates product Type e.g. A — Audio Cassette V — Video Cassette P — Print, Student Materials T — Teacher Materials S — Software L — Laser Disk								
Field 5 — 2 digit numeric Code indicates module or item number -- exceptions: 00— student pack or LFM 99— assignment book package								
Fields 1-5 make up the Unique LRDC Product Code								
Field 6 — 1 character alpha code indicates subject level for grade e.g. A — Level A B — Level B C — Level C M — Modified Z — No Level								
Field 7 — 1 character alpha code indicates e.g. A — Apple C — Computer I — IBM N — Non-computer								
Field 8 — 1 digit numeric code indicates credits 0 — Modules or Non-print, Learning Facilitator's Manual or Teaching Key 2, 3, 4, 5 — Credits

b. ALPHA CODES TABLE FOR FIELD 2: SUBJECT OR PRODUCT TYPE (cont'd)

In order to accommodate non-subject specific products offered by the LRDC, the following additional subject designations are used:

Y Range - A Varied or Interdisciplinary Material

- VT – Thinking Skills (Future use)
- VP – Problem Solving (Future use)
- VE – Special Education
- VO – Integrated Occupational Program (I.O.P.)

Y Range - Short Term; Special Action Materials

- YD – Special Distributions (not subject specific)
- YH – Heritage Materials (not subject specific)

X Range - General Materials

- XG – Maps/Globes/Atlases/Dictionaries
- XI – General Interest Resource (not subject specific)
- XX – Sundry Supplies (Buyers Guide insert)
- XT – Tests (not subject specific; example, Aptitude)
- XS – Support Documents
- XC – Software

Z Range - School Administration/Management Materials

- ZS – School Administration/Operations Materials

c. Examples:

***NOTE:** See Alpha code for subject designation of the specific learning resource

Example 1: If the LRDC Unique Product Code is ..

		0	*SC	03	001
Field 1:	(Language of Instruction: 0 or 1).....0	→	→	→	→
Field 2:	(Subject or Product Type).....*SC	→	→	→	→
Field 3:	(Grade: 01 to 12).....03	→	→	→	→
Field 4:	(Accession: 001 to 999).....001	→	→	→	→

This is what the above 8 digit LRDC Unique Product Code (UPC) means:

- Field 1: 0 – English is the language of instruction for the learning resource including non-English subjects such as Ukrainian, German, French, Italian, etc.
- Field 2: *SC – Science (Authorized or suggested for use in Science)
- Field 3: 03 – Grade 3 (lowest grade this resource is authorized or suggested for use in is Grade 3; it could be targeted for use in grades higher than Grade 3 such as 4, 5, 6, 7, etc.)
- Field 4: 001 – First (001) resource in Grade 3 Science (this simply means that this is the first (001) learning resource that the LRDC carries for Grade 3 Science where English is the language of instruction)

c. Examples (cont'd):

Example 2: If the LRDC Unique Product Code is ..

		1	*MA	08	027
Field 1:	(Language of Instruction: 0 or 1)	1			
Field 2:	(Subject or Product Type)		*MA		
Field 3:	(Grade: 01 to 12)			08	
Field 4:	(Accession: 001 to 999)				027

This is what the above 8 digit LRDC Unique Product Code (UPC) means:

Field 1:	1	—	French is the language of instruction for the learning resource (Sections 5 & 6 of School Act)
Field 2:	*MA	—	Mathematics (authorized or suggested for use in Mathematics)
Field 3:	08	—	Grade 8 (authorized or suggested for use in Grade 8, could also be used in Grades 9-12)
Field 4:	027	—	27th resource in Grade 8 mathematics (this simply means this is the 27th product that the LRDC has for Grade 8 Mathematics in french as the language of instruction)

Example 3: If the LRDC Unique Product Code is ..

	0	87	6	D	B	0	0
Field 1:	(Language of Instruction: 0 or 1)	0					
Field 2:	(Year)		87				
Field 3:	(Date of Administration)			6			
Field 4:	(D = Diploma; A = Achievement Test)				D		
Field 5:	(Subject: B = Biology)					B	
Field 6:	(Grade for Achievement Test only)						0
Field 7:	(Part A or B; or 0)						

This is what the above 8 digit LRDC Unique Product Code (UPC) means:

Field 1:	0	—	English is the language of instruction for the learning resource including non-English subjects such as Ukrainian, German, French, Italian, etc.
Field 2:	87	—	Year - 1987 (86 means 1986, etc.)
Field 3:	6	—	June Version (1 is January, 6 is June)
Field 4:	D	—	Diploma Exam
Field 5:	B	—	Biology
Field 6:	"0"	—	Since only Grade 12 (3, 6, 9 used for Achievement Tests)
Field 7:	"0"	—	Since no Part A or B (Part A and B for English only)

c. Examples (cont'd):

	9	*MA	31	P	01
Field 1: ("Old/New" Dist. Ed. material: 8 or 9) ... 9	←				
Field 2: (Subject) *MA		←			
Field 3: (Grade or Course Level) 31			←		
Field 4: (Product Type: see chart Pg. 14) P				←	
Field 5: (2 digit numeric code indicates 01 Module or item number -- exceptions: 00 - student packs or Learning Facilitator's Manual 99 - Assignment Book Package)					←

This is what the above 8 digit LRDC Unique Product Code (UPC) means:

Field 1:	9	—	"New" Distance Education Material
Field 2:	*MA	—	Mathematics
Field 3:	31	—	Grade 12, course level 31
Field 4:	P	—	Student Print Material
Field 5:	01	—	In most cases denote Module #1

***NOTE:** See alpha code for subject designation of the specific learning resources.

III. ORDERING INFORMATION

1. Ordering Instructions

Learning resource listings in the Buyers Guide should be retained by the customer as a permanent copy. The following suggested steps should be followed to place an order:

- a. When learning resources are to be ordered, remove original pages from the Buyers Guide binder and **photocopy**. Appropriate page listings can be **photocopied** in advance of ordering and distributed to appropriate curriculum departments, teachers, etc.
- b. Return **original pages** to the appropriate section(s) in the Buyers Guide binder.
- c. Indicate the order quantity required per product on each **photocopied** "order" page.
- d. Prepare Purchase Order and place on front of photocopied "order" pages. Please note that you do not need to relist the products, quantities and prices on your Purchase Order unless that is a requirement of your organization.
- e. Turn to the Header Sheet Section and photocopy one order Header Sheet and, if **applicable**, one "Certificate of Copyright Restriction."
 - i. **only one, one-time certificate is required per school authority**, i.e. County, Division, District, DND School, Indian School, Northwest Territories School, University, etc.
 - ii. should be completed by appropriate official who can sign on behalf of the school authority
 - iii. the same "Certificate of Copyright Restriction" remains in effect from year to year and almost all school authorities presently have submitted the certificate to the LRDC
- f. Return original copies of Header Sheet and Certificate of Copyright Restriction to the Header Sheet Section of the Buyers Guide.
- g. Attach the Header Sheet and, only if applicable, Certificate of Copyright Restriction, to the front of the **photocopied** Buyers Guide "order" pages.
- h. Complete all required information on the Header Sheet and sign the Certificate of Copyright Restriction form if applicable.

- i. Staple the header Sheet, Certificate of Copyright Restriction, (if applicable), and "order" pages and mail/fax along with your Purchase Order to the following address:

Learning Resources Distributing Centre
12360 - 142 Street
Edmonton, Alberta
T5L 4X9
Fax (403) 422-9750

NOTE: Customers should follow the instructions and ordering requirements of the Central Office of your school jurisdiction/authority in terms of preparing and forwarding learning resource purchase orders.

2. Computer Software Purchase Instructions and Certificate of Copyright Restriction

- a. All school authorities (Counties, Divisions, Districts, DND Schools, Indian Schools, ECS Operators, Northwest Territories Schools, etc.) must have one-time only Certificate of Copyright Restriction on file with Learning Resources Distributing Centre.
- b. Because of extremely low prices, the sale of some software, by demand of the supplier, can only be made to an official school authority. In some instances, the LRDC has made a special arrangement with the supplier to sell only one copy to each teacher, teacher's aid or administrator. Where specifically designated software sales are made to teachers, teacher aids and administrators a separate "Certificate of Copyright Restriction" must be completed by the purchaser and authorized by a duly authorized official. Contact Customer Service for details.
- c. A software order cannot be shipped without the LRDC having a signed certificate. Please note that most school authorities have already sent a completed certificate to the LRDC.
- d. **Please order carefully. Software packages which have been opened are not returnable.**
- e. All software should be tested immediately upon receipt to comply with warranty coverage.
- f. All matters pertaining to warranty and/or replacement should be referred to the appropriate Supplier unless otherwise stated. Please read the instructions which accompany the computer software purchase.
- g. The LRDC, by agreement with the Supplier, can sell certain software only to school jurisdictions.

CHOICES CAREERWARE

"CHOICES" is designed to help students think about what is important in finding a good occupation and identifying promising career paths. This program provides the student with the opportunity to make occupational and educational decisions based on a number of factors.

OCCUPATIONAL COMPONENT stores data on approximately 900 major occupations and 2500 related occupations and allows the student to search and access specific items of information on any occupation.

EDUCATIONAL COMPONENT provides on-line access to a data base of over 400 Canadian post-secondary institutions and 3000 programs divided into the four regions of Canada and allows the student to gather specific information on these post-secondary institutions and programs.

ORDERING INFORMATION

It will be of great assistance to the LRDC Order Department if customers are aware of their needs prior to ordering "CHOICES." For advanced information pertaining to this careerware package customers should contact Educom at 439-7447 in Edmonton or 279-2283 in Calgary. For pricing and ordering information please contact Customer Service and Sales Department at the LRDC.

Choices Occupational Program price is based on high school enrolment as follows:

High School Enrolment	Selling Price per year for 3 year license
Over 250	\$1350.00 (less 25% subsidy)
100 - 250	\$1190.00 (less 25% subsidy)
Less than 100	\$ 955.00 (less 25% subsidy)

Apple IIs Version will be available Spring 1990 and Apple IIe Version will be available only until September 1990.

STANDARDIZED TESTS

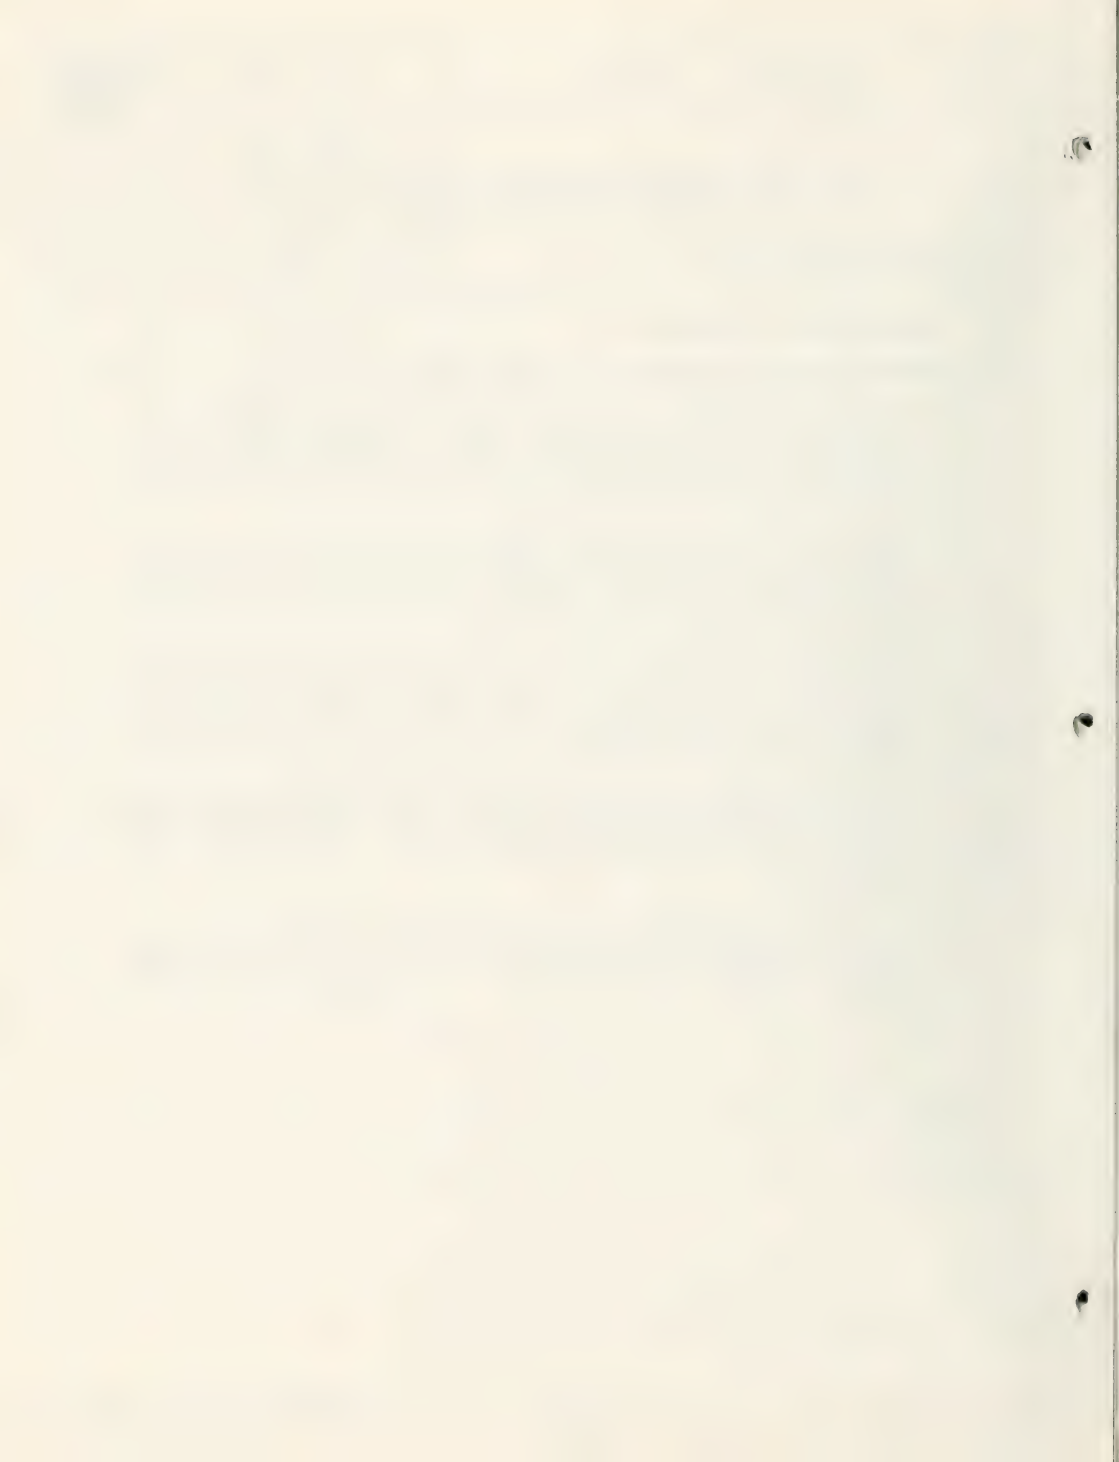

ORDERING INFORMATION

1. Useful Information To Consider

The following information should be carefully considered before selecting tests:

- a** School personnel planning to undertake assessments of exceptional children and/or career assessments are advised to adhere to guidelines developed by the publisher's specific tests. Alberta Education is currently reviewing policy, guideline and procedure statement for the effective use of assessment devices. In the interim, please refer any questions to the Guidance Consultants in the Regional Office of Alberta Education in your zone.
- b** School personnel should note that some standardized achievement tests do not assess the same content at the same level as contained in the Alberta Education language arts, mathematics and science curriculum. It is suggested that school personnel consider the purpose for assessment and review the subject area content of their particular grade level as well as the content covered in the standardized achievement test prior to selecting the test.
- c** School Test Evaluation by the Center for the Study of Evaluation (CSE), at the University of California at Los Angeles, make use of the Mean Evaluation System for evaluating tests. This system consists of four major categories: Measurement Validity, Examinee Appropriateness, Administrative Usability and Normer Technical Excellences. School Test Evaluation reports and ratings are published by CSE for kindergarten through grade two.
- d** Alberta Education staff can give assistance in the design of testing programs and the selection of tests. School jurisdictions, schools, or teachers planning to initiate, modify, or evaluate standardized testing programs are encouraged to consult the Regional Office of Alberta Education in their zone or the Student Evaluation Branch and Records Branch (403) 427-2948.
- e** **Test Scoring Service**

In 1984 Alberta Education discontinued the free test scoring service for NCS Answer Sheets. For additional information on Test Scoring Service for NCS General Purpose Answer Sheets, please contact the University of Alberta Computing Services. The contact person is Dan Precht (403) 432-2462.

CANADIAN ACHIEVEMENT TESTS FORM A (Canadian Test Centre, McGraw-Hill Ryerson, 1981 Edition)

The Canadian Achievement Tests, Form A, measures knowledge and understanding in reading, language, spelling, mathematics and reference skills at eight overlapping levels.

Levels 12-19 are composed of separate subtests that combine to yield scores in TOTAL READING, SPELLING, TOTAL LANGUAGE, TOTAL MATHEMATICS, and at levels 14-19 only, REFERENCE SKILLS. The Total Reading, Spelling, Total Language and Total Mathematics are combined to produce a Total Battery Score.

Machine Scorable

A Can-Scan Answer Sheet must be used for Computer Scoring at the CTC/McGraw-Hill Ryerson Scoring Centre located in Edmonton, Alberta. These answer sheets are in packages of 50.

The Test Co-ordinator's Package, containing the Ancillary Materials needed for machine scoring, is included with the Can-Scan sheets. Additional copies of these materials may be obtained from the Canadian Test Centre (416) 321-7503.

NOTE: Alberta Education does not provide a Scoring Service for Canadian Achievement Tests.

CANADIAN COMPREHENSIVE ASSESSMENT PROGRAM (C.C.A.P.)

C.C.A.P. consists of 3 test instruments. Each test instrument may be used alone or in conjunction with the other 2 instruments. Each test instrument is statistically related and when used in combination these 3 instruments provide a complete profile of each student's achievement, ability and attitude. The 3 test instruments are listed below:

1. Achievement Series
2. Developing Cognitive Abilities Test
(DCAP)
3. Skills Attitude Measure (SAM)

C.C.A.P. - ACHIEVEMENT SERIES

by Raymond R. Danley
(Guidance Centre, 1980 Edition)

Comprehensive Achievement Tests are designed to provide users with a simplified but thorough junior E.C.S. through grade 9 information system, giving users norm-referenced information in the basic skills areas of reading, mathematics, and language. Various levels also measure student performance in word attack, study skills, science and social studies.

To administer these tests you need:

- * Test booklets
- * Directions for Administration
- * Answer Sheets (for reusable tests)

To hand-score these tests you need:

- * Answer Key
- * Pupil Records and Class Analyzer

To interpret the results you need:

- * Teacher's Manual
- * Norms Booklet
- * Technical Manual

C.C.A.P. - DEVELOPING COGNITIVE ABILITIES TEST
by Raymond R. Danley
 (Guidance Centre)
 (D.C.A.T.)

The Developing Cognitive Abilities Test (DCAT) is a measure of learning characteristics for students in grades 2 through 9. All DCAT items involve both a content area and a cognitive level. Student performance is measured in 3 content areas: verbal ability, quantitative ability and spatial ability; and information is provided on the 5 cognitive levels of Bloom's taxonomy: knowledge, comprehension, application, analysis and synthesis.

To administer these tests you need:

- * Test booklets
- * Directions for Administration
- * Answer Sheets (for reusable tests)

To hand-score these tests you need:

- * Answer Key
- * Pupil Records and Class Analyzer

To interpret the results you need:

- * Teacher's Manual
- * Technical Manual

Test Booklets

Each test package includes 35 Test Booklets, 1 Directions for Administration, 35 Pupil Records and 1 Class Analyzer.

C.C.A.P. - SCHOOL ATTITUDE MEASURE (S.A.M.)

by Raymond R. Danley
(Guidance Centre, 1982 Edition)

The School Attitude Measure (S.A.M.) is a multi-dimensional, self-report survey instrument developed to provide evaluation of students' affective responses to their school experience. S.A.M. covers Grades 4-9.

To understand better the performance of students in the school environment, it is useful to examine their perceptions of themselves as competent learners. Such information can be valuable in making decisions about program development, individual education planning, selection and placement of students for particular programs, guidance planning and the development of instructional standards and objectives.

The 3 levels of S.A.M. provide information on 5 attitude scales:

- * Motivation for schooling (Why I feel that I do things)
- * Academic self-concept, performance-based (How I feel about my school performance)
- * Academic self-concept, reference-based (How others view my school performance)
- * Student's sense of control over performance (How much control, or power I have over my school situations)
- * Student's instructional mastery (What I need to succeed and learn in school)

To administer these tests you need:

- * Test booklets
- * Directions for Administration
- * Answer Sheets

To record and interpret the results you need:

- * Individual Profiles
- * Teacher's Manual

Test Booklets

Each test package includes 35 Test Booklets and 1 Directions for Administration.

Machine Scoring

Each package of S.A.M. Answer Sheets contains 3 Header (ID) Sheets to identify the tests by school and class. These Header Sheets must be completed correctly by school personnel to ensure accurate reports. The Directions for Administration for S.A.M. explain in detail the correct way to mark the Answer Sheets. Instructions for Ordering Machine-Scoring, included with the Answer Sheets, provide complete information on ordering scoring services and identifying test materials, as well as on packaging, shipping, cost and turnaround time.

MouseWrite Word Processing Software, Version 2.6.8c

MouseWrite is a word processing package which incorporates a "MAC-like" interface complete with on-screen pull down menus. The package provides good word processing capabilities for the Apple IIe computer (128K, enhanced version) as well as the Apple IIc and the Apple IIgs, and includes a dictionary and thesaurus. Three disks are provided with MouseWrite as well as tutorial and reference manuals.

A provincial licence for MouseWrite was obtained as part of implementation activities associated with The Writing Process Using the Word Processor: Inservice Leader's Reference Manual initiative. A complete MouseWrite package consisting of the following was provided to superintendents in each Alberta school jurisdiction:

- 3 master disks to be used for duplication
- 1 MouseWrite Tutorial Manual
- 1 MouseWrite Reference Manual
- 1 Introduction to MouseWrite Summary Package
- 1 MouseWrite Duplication Information Sheet
- 1 Addendum MouseWrite Fonts

Please contact the superintendent of your school jurisdiction to obtain MouseWrite. Authorization labels for duplicate copies are available from the Technology Integration Unit, Curriculum Support Branch.

MouseWrite Word Processing Software, Version 2.6.8c

MouseWrite is a word processing package which incorporates a "MAC-like" interface complete with on-screen pull down menus. The package provides good word processing capabilities for the Apple IIe computer (128k, enhanced version) as well as the Apple IIc and the Apple IIGs, and includes a dictionary and thesaurus. Three disks are provided with MouseWrite as well as tutorial and reference manuals.

A provincial licence for MouseWrite was obtained as part of implementation activities associated with The Writing Process Using the Word Processor: Inservice Leader's Reference Manual initiative. A complete MouseWrite package consisting of the following was provided to superintendents in each Alberta school jurisdiction:

- 3 master disks to be used for duplication
- 1 MouseWrite Tutorial Manual
- 1 MouseWrite Reference Manual
- 1 Introduction to MouseWrite Summary Package
- 1 MouseWrite Duplication Information Sheet
- 1 Addendum MouseWrite Fonts

Please contact the superintendent of your school jurisdiction to obtain MouseWrite. Authorization labels for duplicate copies are available from the Technology Integration Unit, Curriculum Support Branch.

Data Base Management Software

BASIC RESOURCES

Power-Base, Version 2.3

"Power-Base" is a data base management system designed to introduce uses and applications in a business setting. "Power-Base's" logical menus and branched command structure make it an easy program to use. It offers powerful data transfer, relative ease of form design, and good report customizing features. The presentation of safety check questions and the use of the escape key to enable back-up within the program are useful features for classroom instruction.

"Power-Base" is an excellent data management tool for business applications that use a single linear type of structure.

Components include: 5 disks (install & applications, start, use, define, utilities) user's manual, function keyboard template and a quick reference guide.

Reflex: Versions 1.14 and 1.12

"Reflex" is a data base program designed to allow the user the flexibility of filing, sorting, information retrieval, statistical analysis, graphics and report writing.

"Reflex's" well-organized tutorial, its excellent on-screen help, and the use of pull-down menus combine to make the program easy to learn and operate. The option of form or list viewing for both data entry and editing is a program strength as is the ability to design and print reports as a series of small modules.

Enable Learn Version 2.0 - IBM

"Enable Learn" is an integrated software program designed to familiarize the student with the five applications of word processing, telecommunications, spreadsheet, graphics and data base management systems and to provide a means of sharing information between these components.

As is the case with any integrated package, some individual applications are less powerful than a dedicated package of the same offering (eg: word processing). However, as a total integrated program "Enable Learn" is a solid package offering good options and numerous interface capabilities. Users are reminded that the program requires a minimum of 320K for operation.

The biggest strength of "Enable Learn" is its offer of unlimited reproduction of the 5 disks which provides an excellent opportunity for educators to legally access a variety of applications at minimal cost.

The following purchase configurations allow a customer to purchase the standard package then add the appropriate amount of student manuals to meet the individual class needs.

	#0XC10041	Enable Learn Package, Version 2.0 - IBM (includes: 5-5 1/4" disks: system, operation, tutorial, utilities & training disks which may be reproduced, 1 instructor's manual, 1 student work- book, 1 set of 6 Enable documentation user manuals & 7 transparencies) P.C. The Student Manual consists of the objectives, keystrokes and procedures for each of the training modules corresponding to the instructor's lesson plans. Each lesson contains the following:

- Objectives: a list of goals to be met during the lesson
- Keystrokes: a list of keystrokes learned during the lesson
- Procedures: the steps followed to complete the objectives
- Practice exercises that can be completed on their own
- Definitions: a list of terms defined during the lesson
- Appendixes containing help for the exercises and answers to the review questions

--	-----------	---	--	------	-------	-------------------------

The Instructor's Manual consists of a set of masters for creating overhead transparencies and the lesson plan for each of the training modules. An introduction to the course and each of the teaching modules is provided. The lessons themselves are arranged in three columns: the first lists steps the students must perform to complete the objective; the second gives guidelines for teaching these steps and the third provides additional comments.

Spreadsheet Application

BASIC RESOURCES

Twin, Version 1.4 and 2.2

"The Twin" is a spreadsheet software program designed to provide an introduction and specific instruction in the use of a spreadsheet in sample business applications.

It is an easy-to-use spreadsheet/graphics program offering efficient cursor movement, good flexibility, ease of editing, and minimal disk swapping. The good range of graphics and the detailed help menus combine to make this an effective package for high school use. While this program is a Lotus 1-2-3 clone in terms of functions and capabilities, its operating speed is about one-third that of Lotus. However, this is not a major detriment for high school applications.

Components include: 3 disks (2 program, 1 library) user's guide.

DESCRIPTION

"Microsoft® Word" is a powerful word processing package designed to teach the management of complex documents with the aid of a self-paced student tutorial. Included in the package are word processing, utilities, printing, spelling checker, thesaurus and tutorial functions accessed via the keyboard or a mouse.

"Microsoft® Word's" chief strengths are its excellent on-screen display, the ability to move information easily within and between files, the inclusion of a comprehensive, self-paced student tutorial and the variety of high-powered additional features available. These strengths must be balanced against unconventional terminology used in the documentation, the limited explanations offered on some concepts, the need for disk swapping and the initial time needed to learn the 260 commands.

TOPIC: Word Processor

COMPONENTS

IBM: 9 disks (program, utilities/setup, thesaurus, spell, 2 printer, 3 learning), user's guide, reference guide, printer guide, pocket guide, new features brochure, fast results brochure, 5 keyboard templates

Macintosh: 1 double-sided program disk, 1 double-sided utilities disk, "Learning Microsoft Word" user's guide, "Quick Reference" guide, "Reference to Microsoft Word," Microsoft Word 3.01 Additional Information

SYSTEM REQUIREMENTS

IBM: IBM PC/XT/AT/PS/2, PC-DOS 2.0 or later, 256K (320K required if Help Tutorial used) dual floppy drives of floppy drive and hard disk system, monitor, printer, mouse (optional) Hercules graphics card (if monochrome monitor used) color/graphics adapter of Enhanced Graphics Adapter (if color monitor used)

Microsoft® Word Academic Edition, Version 4.0

NOTE: The thesaurus provides a comprehensive coverage of the English language and contains terms that may be objectionable to some individuals and community members. Target audiences grades 10-12.

DESCRIPTION

"Microsoft® Word" is a powerful word processing package designed to teach the management of complex documents with the aid of a self-paced student tutorial. Included in the package are word processing, utilities, printing, spelling checker, thesaurus, and tutorial functions accessed via the keyboard or a mouse.

An Examination of "Microsoft® Word" on the Macintosh revealed that this program is designed to make the operating system of the computer as transparent as possible to the user. The mouse is an integral part of the design of the program and with it the user can point and manipulate the document almost intuitively. "Microsoft® Word's" biggest strenght lies in the concept of what-you-see-is-what-you-get. The Macintosh version of this program parallels IBM version on a functional basis but the use of the mouse makes the process of manipulating commands quite different. It should be noted that all mouse commands can be accessed via the keyboard by using various command and option key sequences.

"Microsoft® Word's" chief strengths are its excellent on-screen display, the ability to move information easily within and between files, the inclusion of a comprehensive, self-paced student tutorial, and the variety of high-powered additional features available. These strengths must be balanced against unconventional terminology used in the documentation, the limited explanations offered on some concepts, the need for disk swapping and the initial time needed to learn the 260 commands.

CAREER AND LIFE MANAGEMENT

CHOICES CAREERWARE

"CHOICES" is designed to help students think about what is important in finding a good occupation and identifying promising career paths. This program provides the student with the opportunity to make occupational and educational decisions based on a number of factors.

OCCUPATIONAL COMPONENT stores data on approximately 900 major occupations and 2500 related occupations and allows the student to search and access specific items of information on any occupation.

EDUCATIONAL COMPONENT provides on-line access to a data base of over 400 Canadian post-secondary institutions and 3000 programs divided into four regions of Canada and allows the student to gather specific information on these post-secondary institutions and programs.

ORDERING INFORMATION

It will be of great assistance to the LRDC Order Department if customers are aware of their needs prior to ordering "CHOICES." For advanced information pertaining to this careerware package customers should contact Educom at 439-7447 in Edmonton or 279-2283 in Calgary. For pricing and ordering information please contact Customer Service and Sales Department at the LRDC.

Choices Occupational Program price is based on high school enrolment as follows:

High School Enrolment Selling Price per year for 3 year license

Over 250	\$1350.00 (less 25% subsidy)
100 - 250	\$1190.00 (less 25% subsidy)
Less than 100	\$ 955.00 (Less 25% subsidy)

Apple IIGs Version will be available Spring 1990 and Apple IIC Version will be available only until September 1990.

Life Choices Simulation Package - Version 2.0

DESCRIPTION OF PRODUCT

The Life Choices Simulation Package was developed and produced by the Institute for Computer Assisted Learning (ICAL) of the University of Calgary. It is designed to allow the student to attempt, through examining his or her own choices and values, to plan a life-style which will accurately and increasingly reflect personal, meaningful life choices. The simulation is structured to encourage each student to examine and compare seemingly desirable/possible futures and develop the skills needed to actualize them. Life Choices Simulation encourages the students to make decisions about their future life and provides them with an environment in which to experience the consequences. The simulation is played in a series of rounds, with each round equivalent to one year of the students future life. The simulation progression of the program involves 12 major steps in each round.

SITE DEFINITION/USER RESTRICTION

The purchase of Life Choices Simulation is restricted to usage on one site and for educational purposes. One site is defined as a single educational institution, such as a high school, at a single geographic location. The purchaser may duplicate as many additional copies of the software and documentation as necessary for each site but cannot lend or use outside of the site. The purchaser may duplicate the student manual or durable bound copies may be purchased in bulk from Learning Resources Distributing Centre, 12360 - 142 Street, Edmonton, Alberta, T5L 4X9 (403) 427-2767.

SYSTEM REQUIREMENTS

IBM PC/XT/AT, MS-DOS 2.0 or later, 256K, 1 or 2 disk drives, monitor, printer.

It is recommended that this program be used with either the conventional dual floppy drives or load to a machine with a hard drive.

UPDATE INFORMATION

Updates will be available in September of each year and could involve revision to the software and/or manuals. The cost of each update program will be approximately \$80.00 and will be eligible for the 25% Basic Learning Resource Acquisition Subsidy.

I. Distance Education and Correspondence Education Course Materials

The Alberta Correspondence School (ACS) develops two types of material:

1. Correspondence Education Course Materials

These are the course materials that the ACS has traditionally prepared and made available. They are identified as "old" ACS courses or Correspondence Education courses.

2. Distance Education Course Materials

As a result of Distance Learning Projects North and South, the ACS is developing and producing newly designed "Distance Education" course material that incorporates modified learning strategies and the use of technology. These are identified as "new" ACS course materials or "Distance Education" materials.

The LRDC 8 digit Product Code Number has been designed to assist teachers in easily determining whether material is "old" or "new" by distinguishing between the two types by looking at the first digit: an 8 indicates Correspondence Education ("old") while a 9 indicates Distance Education ("new") materials. Refer to page 15 or 463 for the full code description.

II. Availability and Ordering of Distance/Correspondence Education Course Material

Distance/Correspondence Education materials are available to Alberta students and schools from the LRDC at two outlets.

- Distance/Correspondence Education Grades 1 to 12, print and some non-print materials, to all non-ACS registered students and customers from the regular Edmonton outlet.
- Distance/Correspondence Grades 1 to 12 materials to individuals who are ACS registered students by the LRDC from Barrhead.

Specific information on ordering and availability follows:

1. Registering with ACS

Application forms (available from ACS) must be submitted by/for all students intending to register for instruction with the ACS. Fees include cost for tuition. Textbooks must be purchased from the LRDC except for circumstances such as if the text for a course is no longer available. Refer to the ACS Student Handbooks, which have been sent to schools, for more information.

2. Ordering Distance/Correspondence Education Material From LRDC

- a. Use the regular LRDC ordering process for submitting orders to the LRDC.
- b. The LRDC will be carrying only some of the non-print materials. The LRDC will carry only required non-print materials developed by the ACS and may produce some non-print materials that have been acquired by Alberta Education, with the LRDC having the right to reproduce and cost recover reproduction and handling costs. The Buyers Guide identifies most of the non-print resources that have been authorized and where they can be purchased/ acquired.
- c. Most Correspondence Education ("old") course textbooks required for Distance/Correspondence Education, whether for registered or non-registered students, may be ordered from the LRDC, as has been the case since June 1, 1988. However, textbooks are not available (i.e. out of print) for some courses (such as Spanish 15/25/35). In those cases, the only way to acquire the textbook is by registering the student(s) in the course with the ACS (the book is then loaned to the student with a caution fee), as has been the case for a long time.
- d. Elementary courses are not available except if one registers with the ACS.
- e. The original Spanish courses were numbered 14-24-34, however, they have been changed to 15-25-35. Our material still carries the old numbering, but the records reflect the new numbers. We are in the process of identifying our material with the new numbers, but that will be done as the course gets revised, which is not likely for a long time. In the meantime, the content is the same
- f. The new Distance Education materials have been designed in a modular format. Because of this all parts may not be available when the product is first released. Although every effort will be made to ship a complete set, customers should be aware the L.R.D.C. will keep a record of those parts that have not been shipped and will provide those parts as soon as they become available.
- g. A list of required laboratory supplies are provided with most science subjects. The LRDC does not supply these items. They are listed for your information only.

III. Types of Distance Education (New) Course Materials

1. Each course generally consists of 4 to 8 student modules which are intended to be used by individual students.
2. Each module generally has one student assignment booklet (assignment booklets are available as full sets).
3. As of April 1, 1990 customers can purchase either the entire student package (all modules plus assignment booklets) or individual modules and/or assignment booklets.
4. Each course generally has a Learning Facilitators Manual (LFM). They provide teachers with hands-on assistance in "how" to deliver the Distance Education Program. The Learning Facilitators Manuals contain a sample test and answers; therefore, they are available only to schools and teachers. Many of the teaching keys (for old courses) are poor quality in terms of reproduction (Supplement will list these).
5. The Distance Education Program also involves a variety of non-print material. The LRDC Buyers Guide identifies a large number of the non-print materials and where you are able to access them. Many of the videos are available through the Regional and Urban Film Centres as part of an Alberta Education negotiated Provincial License. As well, many are available through ACCESS. In some cases, schools will need to acquire materials directly from the supplier. In most cases, the school may already have the material.

IV. Pricing Structure

General pricing for types of resources are:

1. LRDC prices for are based upon full cost recovery of cost of goods, reproduction and distribution costs.
2. In general, Distance Education (ie. new) student print materials prices are \$13.35 per credit or \$10.00 net after application of the 25% subsidy while Correspondence Education material (ie. old) prices are \$6.65 per credit or \$5.00 net after application of the 25% subsidy.
3. Student print materials/modules are authorized as "basic" learning resources; school jurisdictions who are eligible for the 25% Basic Learning Resource Acquisition Subsidy, as well ACS-registered students, will receive a 25% subsidy for student print materials.

4. All five-credit Distance Education materials are available at a Selling Price of \$66.65; however, after application of the 25% subsidy, the cost to the eligible school or ACS-registered student will be approximately \$50.00, which is \$10.00 per credit. Three-credit course costs are \$40.00 less 25%, or \$30.00 net, which is \$10.00 per credit.
5. Correspondence Education ("old") student print material prices are \$6.65 per credit or \$5.00 net after application of the 25% subsidy.
6. Because of extra handling costs, the sum of individual parts will cost considerably more than the package price.
7. The Learning Facilitator Manuals and Teaching Keys are priced at \$60.00 per manual and are authorized as "Support". Learning Facilitator Manuals and Teaching Keys are not eligible for the 25% Basic Learning Resource Acquisition Subsidy since they are "Support" resources. **Many Teaching Keys are of poor quality in terms of reproduction.**
8. Assignment booklets are available in complete sets only. Pricing will be \$1.35 x the number of module booklets in the set (for example, a 5 module Assignment Booklet set would cost \$6.75 or \$5.05 after the 25% subsidy).
9. Price changes for ACS-registered students are effective June 1, 1990.

Practical Mathematics

This course consists of five modules, each containing from four to seven lessons.

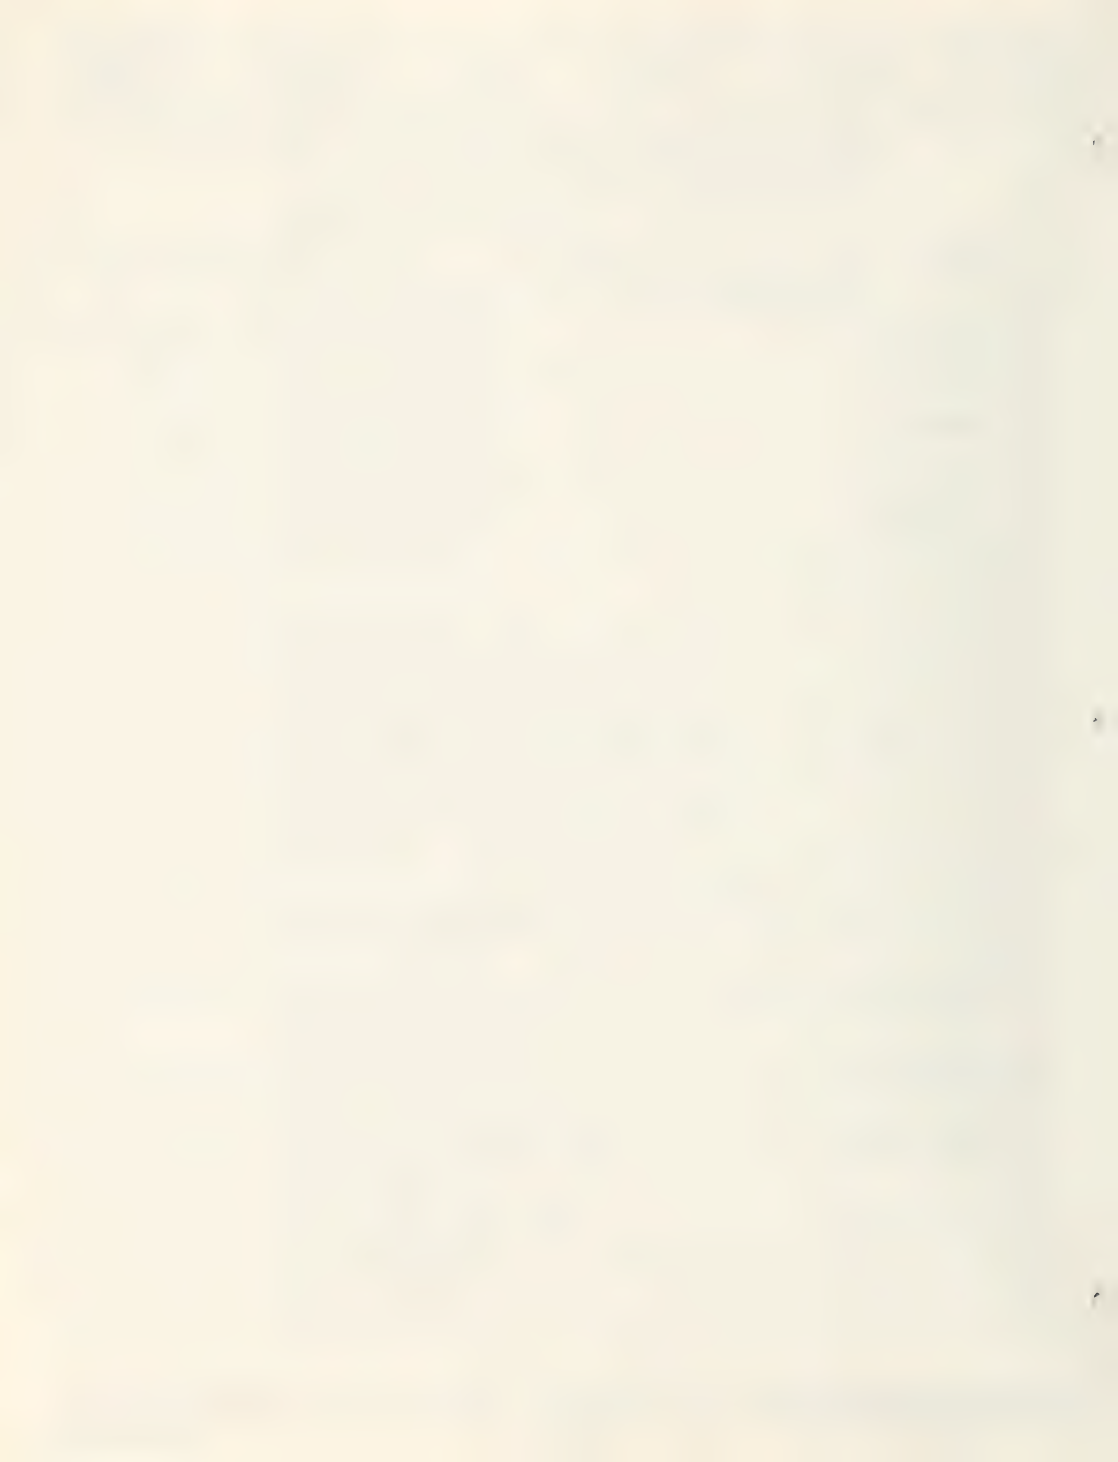

The course is designed to provide upgrading and additional background in mathematics. Taken individually the modules provide instruction and practice in specific areas of weakness. Taken as a unit, the first five modules will equip students to handle most of the practical mathematical problems encountered in daily living. Students who complete Practical Mathematics (Modules 1-5) may proceed to Mathematics 14.

This series was also designed to meet the needs of tradespeople, especially in preparing students to meet the entrance requirements for apprenticeship programs.

L.R.D.C. PRODUCT BULLETIN

August, 1990

The L.R.D.C. is pleased to announce to Schools and Post Secondary Institutions the availability of the first and only encyclopedia designed specifically for Canadian children -

The Junior Encyclopedia of Canada

A Five Volume Set with slipcase from Hurtig Publishers.

Over 3,000 illustrations, 4,500 articles, 1,450 biographies give students a unique Canadian point of view.

Brief, easy-to-read articles cover information needed to complete school assignments.

A complete index, cross-referencing and lists of additional readings on specific subjects.

- ⇒ Alberta Education has authorized the new "Junior Encyclopedia of Canada" as a "Basic" Learning Resource for Grades 7-12 Program of Studies.
- ⇒ The Selling Price will be \$143.90. Alberta School Authorities who are eligible for the 25% "Basic Learning Resource Acquisition Subsidy" Grant will receive the complete set at the *exceptionally low price of \$107.93*. This is \$52.02 less than the Hurtig Publishers pre-Christmas price of \$159.95 and \$82.02 less than the post-Christmas price of \$189.95.
- ⇒ This resource is eligible for the Secondary Education Implementation Credit Allocation Grant (SEICAG).
- ⇒ Although the encyclopedia will not be available until early September, 1990 the L.R.D.C. will be pleased to accept your orders now.
- ⇒ In order for eligible schools to receive the 25% subsidy, Hurtig Publishers has agreed to refer all school orders to the L.R.D.C.
- ⇒ Available only to Alberta, Northwest Territories, Yukon school authorities and Post Secondary Institutions with official purchase orders -- any non-school orders will be referred to Hurtig Publishers for order filling.
- ⇒ Price remains in effect during the life of the first printing only.
- ⇒ Out of province orders subject to shipping charges.

RE: LRDC November 1990 Supplement

Attached please find the LRDC Buyers Guide "November 1990 Supplement" for your use or distribution to your staff and/or schools. The "grey" supplement lists new learning resources which were approved since the distribution of the 1990/91 Buyers Guide in April, the 1990 Spring Supplement in May and the August Supplement of this year. Please note the price change notices, either an increase or decrease in price, on two products.

The "blue" supplement lists recent learning resource authorizations which are eligible for the Secondary Education Implementation Credit Allocation Grant (SEICAG). Both supplements are to be placed in the "Supplements" Section of your Buyers Guide.

Additional supplements are available upon request from Customer Service and Sales at 427-2767 or by FAX 422-9750.
